

# DECODER WIZ

*The Sound Wizard of Model Railways*

## CUSTOMER INFORMATION For 'Decoder Installation Charges' etc.

**Decoder Wiz Hourly Rate is \$75.00**

**All Installations are covered by a 90 Day Guarantee**  
**against Faulty Workmanship.**

**All decoders are covered by the Manufacturers**  
**Warranty.**

Decoder Wiz will be pleased to give an estimate for an installation job. When quotes include the ordering of sound decoders that are Not Re-Programmable such as Soundtraxx, MRC and/or other Parts for the installation are required, payment for these items will be required before they are ordered.

---

### **Please Read:-**

**DECODER WIZ DOES NOT PROVIDE ACCOUNTS OF ANY KIND and payment for 'WORK CARRIED OUT' OR FOR 'OTHER ITEMS ORDERED' MUST BE PAID BEFORE the Loco or Item is picked up OR is POSTED to the customer.**

**IF the item is being picked up by the customer Cash is acceptable.**

**'EFTPOS' IS NOT AVAILABLE.**

---

## PLEASE NOTE:-

At ALL other times a **50% Deposit** is required Before Decoder Wiz Receives ANY Locomotive for Conversion – **SOUND OR MOTOR Decoder.**

Please contact Decoder Wiz regarding the brand & type of decoder you wish to have installed and the locomotive the decoder is going into before the items are handed over to me and **PLEASE NOTE:**

- Decoder installation Invalidates Warranties **Except** for plug in types for 'DCC ready' locos.
- Decoder fitted locomotives can no longer be described as 'mint' or as 'in original condition'.
- Creating space for decoders **May** involve modifications such as cutting and grinding the chassis & to a lesser degree the interior of the model's body.
- We cannot guarantee to fit any decoder into every locomotive; it is sometimes impossible particularly with 'N' Scale.

---

## **Fitting / Labour Charge List (Prices shown Do Not include decoders):**

### **Motor Decoder Installations**

- Hardwire for Motor Control Decoder (**Programming NOT Included**) – **\$75.00.** (N, HO/00, O & G Scales).
- Hardwire for Motor Control Decoder where modification is required to chassis this Includes Tender (**Programming NOT Included**) – **\$112.50.** (N & HO/00 Scales Only).
- 'Plug In' Only, Motor Control Decoder – **NO Modifications Required (Programming NOT Included)** – **\$37.50.** (ALL Scales).

**Please Note:-** If you would like the Decoder to be Programed for smooth running etc., **ADD \$18.75 to each amount shown above.**

# **ADDITIONAL CUSTOMER** **INFORMATION**

## **DECODER WIZ DOES NOT RUN A REPAIR SERVICE.**

Locomotives with any type of electrical faults should be rectified before being sent / handed over for conversion.

**YOU MUST CHECK YOUR LOCOMOTIVE IS RUNNING SMOOTHLY.**

**\*\*\*\*If you are unsure that your locomotive is running correctly before sending or dropping it off, let me know so that I can examine the model more closely and if additional work such as 'motor servicing' or 'running gear maintenance' is required you will be informed before any work is undertaken, which, if agreed, will be charged at the Hourly Rate or Pro Rata.**

**\*\*\*\*Please check the Installation Pricings above, to work out approximately the cost of work for your locomotive/s that you would like to send (Post) OR are dropping off to me.**

---

If you are sending a locomotive for sound fitting, I recommend that you remove loose detailing from the loco & paperwork from the box, Decoder Wiz cannot be held responsible for items Lost/Damaged.

Always include a '**COVER LETTER**' with your Locomotive, together with your Complete Details and a description of the work you would like me to do.

**THANK YOU.**

**Happy Modelling From 'DECODER WIZ'.**
