MOTOR / FUNCTION DECODERS.

[Digitrax.](http://www.digitrax.com)

<http://www.digitrax.com/products/mobile-decoders/>

\$64.00

DZ126IN 'N' Scale, (2 Functions)
6 Pin NEM 651 type Direct Plug.

The image shows the front of a Digitrax product box for the DZ126IN decoder. The box is white with black and green text. At the top left is the Digitrax logo, which consists of the word 'Digitrax' in a stylized font with a registered trademark symbol. To the right of the logo is the text 'Complete Train Control' and 'Run Your Trains, Not Your Track!'. Below this is a horizontal line. Under the line, on the left, is the model number 'DZ126IN' in large, bold letters. To the right of the model number is a small image of the decoder itself, which is a green printed circuit board with several components and a 6-pin connector. To the left of the decoder image is the text 'Fits Many N and HO Locomotives'. Below this is the dimensions in inches and millimeters. To the right of the decoder image is the text 'N Scale Mobile Decoder' followed by its specifications. Below the specifications is a section titled 'Features:' with a bulleted list of features.

Digitrax® Complete Train Control
Run Your Trains, Not Your Track!

DZ126IN

Fits Many N and HO Locomotives

.36" x .42" x .13"
9.05mm x 10.61mm x 2.67mm

N Scale
Mobile Decoder
1.0 Amp/1.5 Amps Peak
2 FX³ Functions, 0.5 Amp
with 6 Pin NEM 651 type plug

Features:

- **FX³ Function outputs** for prototypical lighting effects and on/off control:
Constant Brightness Lighting with directional or independent control.
Optimized selectable LED or incandescent lamp operation
Realistic Effects like Ditch lights, Mars lights, strobes, and many more
Configurable Pulse Function available on all function outputs.
FX³ & Standard Function Qualifiers operate functions based on direction, Fo on or off, direction and Fo, and whether loco is moving.
